

FREEDOM Is Never Free

Freedom comes at a cost. Many sacrificed to establish this nation and make your freedom possible. Today in many parts of the world there continues to be a struggle between good and evil, slavery and freedom, life and death. But ultimately good will triumph!

Connecting You With Christ

July / August 2022

Dear Partner,

LifeTalk is expanding with a goal to connect more people with Christ. We are taking a bold step in faith as we see a fantastic evangelistic opportunity.

At the request of mothers, grandparents, kids and others, and with the faithful support of our partners, we created a new LifeTalk channel in 2020: LifeTalk Kids. It has been extremely well received and we know it's providing a real blessing. Children of all ages listen to the character-building stories, adventure tales, science, nature and educational programs, Bible stories and more 24/7 at LifeTalkKids.net and on our mobile app.

But over time, we've also received additional requests asking for another LifeTalk channel. Some listeners have shared how much they enjoy the music on LifeTalk Radio, and asked if we would consider creating a dedicated music channel on LifeTalk. Businesses and the offices of doctors, dentists or health professionals could play LifeTalk Radio more readily with a constant stream of life-changing music. Thus we've been making plans to launch LifeTalk MUSIC this fall! And we need your help.

I'm confident this venture will create an opportunity to gain more listeners who will be blessed through music ministry. Many people connect with the spoken word, Bible-based sermons, plus health, finance and family programs featured on LifeTalk Radio. But not all appreciate talk radio in the same way. For some people the Holy Spirit is able to reach their hearts better through uplifting and encouraging music. And we need to reach them too!

Do You Hear What I Hear?

For our 30th anniversary we are launching a new 24/7 streaming channel with all music. **You can hear what I hear** and preview LifeTalkMusic.net before we tell the public about it. Since we are in the testing phase right now to make sure everything is working correctly, we are letting our partners preview this new channel. Just open any web browser to: <http://listen.streamon.fm/ltrmusic>

Some listeners mention the music on LifeTalk Radio specifically when they write us:

“Appreciate your music!”

“I am thankful for LifeTalk because it’s always comforting and uplifting. Keeps my home filled with good music and talks. Thanks!”

“I enjoy all of the programs on your radio station. The music is wonderful! I am thankful for LifeTalk because it is on 24 hours and I can listen any time, at home and in the car.”

“This station basically saved me! LifeTalk helped to grow my relationship with God. And the music calms me.”

“LifeTalk Radio has been such a blessing to me! I love the peaceful music at night. Thank you so much for what you do!”

“LifeTalk Radio is a lifeline to both my wife and me. It keeps the Spirit of God in our home. The soothing music and programs help us to deal with our pain. We really appreciate you!”

“LifeTalk Radio provides the best Christian music in the area by radio.”

“I LOVE LifeTalk radio! I love your music. I tell all my customers about LifeTalk.”

There is definitely a place in evangelistic outreach for the power of music to open hearts to the transforming power of the Holy Spirit. LifeTalk has been broadcasting music and programs for thirty years. But now we need to reach out through a new channel to those who respond to God best through music. To accomplish this, our media ministry needs a dedicated 24/7 LifeTalk Music channel. Can you please help make it happen?

Because we designed an infrastructure during the creation of LifeTalk Kids, we are able to establish LifeTalk Music for a bit less. Today I’m asking you to consider investing in expanding the outreach of LifeTalk Radio so we can reach more souls for the kingdom of God. Please help us achieve our funding goal of \$40,000 needed to set up, launch and operate LifeTalk Music.

The fact is we’ve gone ahead and stepped out in faith. Our team has already set up and begun testing a new online player; but the link has not yet been connected to our new web site: LifeTalkMusic.net. Our target for this online connection is set for September. However, we invite you our faithful supporters to listen to our online music channel this summer and let us know what you think. You can preview and help test our new music player at: <http://listen.streamon.fm/ltrmusic>

Please, keep in mind it’s still in the preliminary phase while we work out any bugs. We will not be ready to announce this channel to the public until later this fall. Plus we are still creating the addition of this music channel on our mobile app, also targeted for a September launch.

However at this point in time, I wanted you to know what we are busy doing right now and I am excited to share this online preview with you. Our team would love to have your feedback and we need your support for this new venture.

If you’re already giving \$30 a month in honor of LifeTalk’s thirty years of radio ministry let me thank you again for your faithful commitment. Your continued monthly support will help us reach our goal for LifeTalk Music. However if you are not able to participate monthly, please consider digging a little deeper right now to help us reach our goal of \$40,000 needed for LifeTalk Music.

This is a truly worthy evangelistic outreach with the potential to reach thousands more with the Gospel through uplifting music. Your gift no matter how small indicates you are participating in expanding the ministry of LifeTalk Radio. You will help make a difference in the lives of others whose hearts are brought closer to Jesus through compelling music.

With your prayers and financial help we will soon launch LifeTalk Music to the public. Thank you for your faithfulness in investing in radio ministry.

Yours with great appreciation,

John Geli
