New Coloring Pages

Just in time for summer vacation! Kids love to color and LifeTalk has just added many more new coloring pages to LifeTalkKids.net. These new pages will keep your kids busy and their imagination engaged for hours. Coloring can be a great interactive venture with your kids or grandkids. Rather than spending time watching television or playing computer games, discover the entertaining, educational and creative exercise of coloring with your kids. You may actually get to know them better. The physical activity of coloring is a beneficial function relieving stress and anxiety. It's like a mini vacation! Get involved in coloring. Download some free pages today at: LifeTalkKids.net/fun

Connecting You With Christ

Summer 2026

Dear Partner,

Recently, I learned the population of our planet increases by about 200,000 every day. Each day 360,000 babies are born. Each day 160,000 people die. That means God becomes a Father to another 360,000 children every day, and sadly He also has to attend 160,000 funerals—every day!

It's hard to fathom the unbearable burden facing our heavenly Father each and every day. Imagine how God FEELS—the overwhelming sadness—watching this sin-ravaged planet suffering every day; how His creation is being devastated; how His children are being destroyed by the powers of evil. Try to grasp the heart of God and imagine just what He is feeling—view this world from His perspective.

It's daunting to contemplate just how we can reach everyone on this planet with the Gospel. As our world population increases by 200,000 every day, our task of spreading the Gospel becomes more challenging. And yet, Jesus predicts, “This gospel of the kingdom will be preached in all the world as a witness to all the nations, and then the end will come.” Matthew 24:14

Millions are looking for salvation and redemption. They need to understand the love of God. They need to know Jesus is coming to deliver them from this sin-polluted planet. But “how shall they believe in Him of whom they have not heard?” Romans 10:14. LifeTalk Radio is telling people 24 hours a day, that they matter to God. Your continued support helps make that possible. Thank you!

Millions Need God's Love

Loneliness is as harmful as smoking 15 cigarettes a day! LifeTalk Radio is here to connect with lonely people and comfort them with Jesus. One listener wrote: “*The continuous music that you play is such a blessing to me. Thank you LifeTalk for helping me not feel lonely.*” Another said, “*Thank you LifeTalk Radio for reaching people for Jesus!*” By partnering with this media ministry you are helping connect people with Christ. Thank you!

As we approach the summer of 2026, I realize that giving can be more of a financial burden right now. Currently, everyone is aware the global economy seems to be dependent on oil. You and I are paying quite a bit more for a gallon of gasoline than we were on Valentine's Day! Rising fuel costs have also impacted everything from groceries to airfare and more. The increased cost of goods is creating a challenge for many individuals and families. Americans are paying substantially more to support essential needs.

So then, is giving an essential need? Often charitable giving suffers during times of economic challenge. Therefore, I'm increasingly grateful to you and other faithful partners who are continuing to support this radio ministry during a time of financial hardship. Your participation helps bring a message of hope and healing to souls around the world. Thank you!

People need good news! That's why LifeTalk Radio continues to connect people with Christ. This is especially important as the surgeon general states that loneliness is as harmful as smoking 15 cigarettes a day! This widespread crisis of social isolation, in an era when social media seems to reign supreme, is more dangerous than obesity and physical inactivity. Loneliness contributes to heart disease, stroke, dementia, chronic stress, depression and more.

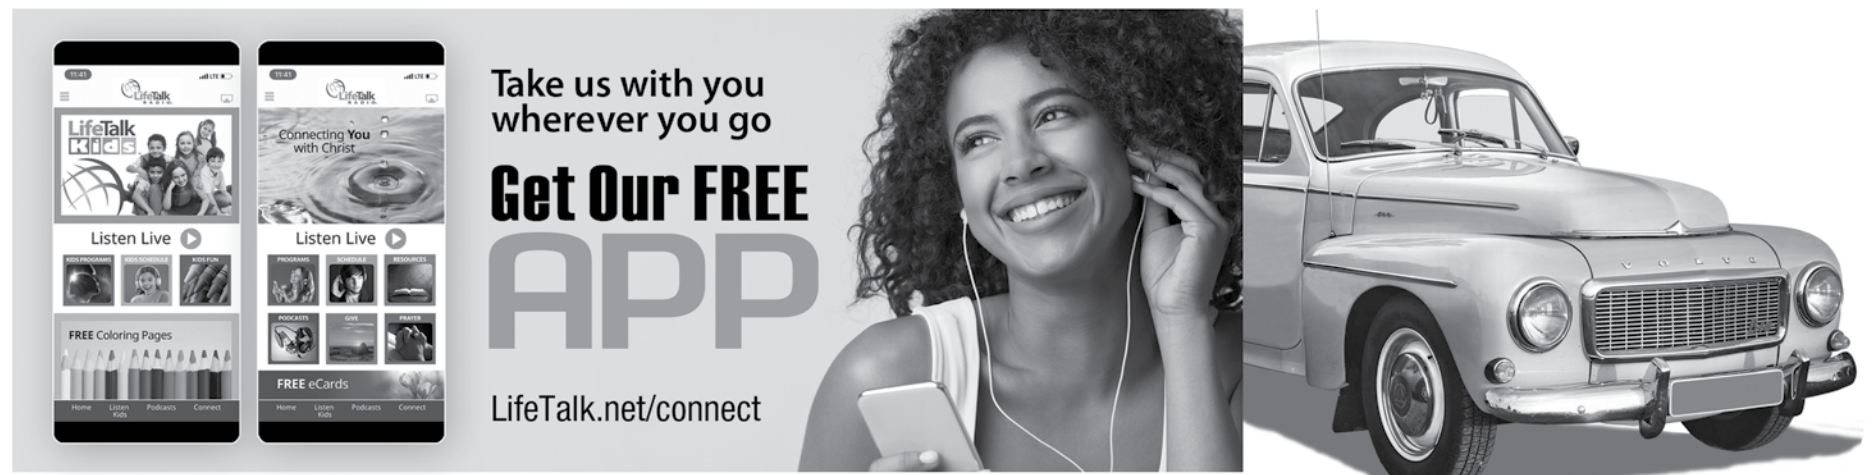

People need more connection! And LifeTalk is helping individuals with their most important relationship—connecting people with Christ. Your ongoing support is helping LifeTalk provide encouragement to lonely souls. Please pray that our outreach will continue to touch hearts and change lives. Thank you again for your partnership. May God continue to bless you as we all face more challenging times.

With a thankful heart,

John Geli
Ministry Director, LifeTalk Radio®

P.S. Rising fuel costs have not diminished our need to spread the Gospel, nor our current need for a new radio antenna. Yes, we are still aiming for our goal of \$10,000 to replace a failing antenna. Thus your continued partnership is greatly appreciated, even if right now you are only able to give less. Each gift, no matter how small, makes a difference. Please use the enclosed reply card and envelope, or you can donate online at: lifetalk.net. Thank you so much for your prayers and your ongoing support.

Got a Dead Car?

Remember the day you bought your first car? How did you feel? Undoubtedly you thought your relationship with your awesome vehicle would last beyond your wildest dreams. But then, how did you feel the first time it failed to start, broke down, needed new tires or more expensive repair? And here's the real question: Where is your first car today? It's a fact that eventually all cars die. The things in life often need repairing or replacing. But when that happens to your car, don't burn or bury it. Just donate it! Whether it's a car, truck, boat, motorcycle, RV, or any vehicle, in any condition, LifeTalk can benefit when you donate it. When you feel your vehicle (any vehicle, running or dead) is beyond repair, don't despair that it's worthless. You can donate your used vehicle to LifeTalk. Our car donation program is easy and hassle-free. So, if there is an unused car or dead vehicle taking up space in your life, donate it to LifeTalk and take a tax-deduction. Don't delay, donate it today! Discover more at: lifetalk.net/donate.
