

Zeno Radio

So, what is Zeno Radio? First of all, if you have internet access you don't need Zeno Radio since you can listen to LifeTalk Radio online or download our free mobile app at: lifetalk.net/connect. Zeno Radio is designed for those with no internet access and no way to listen to LifeTalk over the air on a local radio station. Zeno Radio provides an alternative way to listen to LifeTalk Radio by simply dialing a phone number. That's right, you can listen to LifeTalk Radio over your phone! Just call and listen to a live stream of current programming. Simply dial 1-631-856-9585 and be connected to LifeTalk Radio. This option works on both land line and mobile phones. However, please keep two things in mind. First, for a land line, this is not an 800 number, so long distance charges may apply. And second, for your mobile, your phone plan may charge for each minute of connection time. Thus, listening to LifeTalk Radio via Zeno Radio works best for owners of an unlimited minutes plan for their land line or mobile device. Please check your account to see if listening to Zeno Radio may affect your minute usage and monthly bill. Most people find they are able to listen to LifeTalk Radio via Zeno Radio for free.

Dear Partner,

Welcome to another summer season. I'm so thankful for your faithful support. You help keep LifeTalk Radio on the air. Because of you, people around the world are connecting with Christ. As this planet continues to be ravaged by war, turmoil, disease, destruction and death, the world needs the hope found only in Jesus. LifeTalk Radio is a media ministry that exists to provide hope, encouragement, peace and the love of God through Bible-based programs and uplifting music.

But people are not only dying as a result of war, famine or natural disasters. Many, especially in this country, die every day from preventable diseases. Heart disease remains the number one cause of death in the United States with cancer a close second. Throughout life, men are twice as likely to experience a heart attack as women. However, women are twice as likely to die from a heart attack. Both heart disease and cancer result in greater deaths than COVID. And both are lifestyle diseases which in many cases are preventable.

According to the CDC, although smoking has declined, cigarette smoking still remains the leading cause of preventable disease and death in the USA. In 1954 about 45 percent of Americans were smokers. Today that number has dropped to 12 percent. Yet, smoking is responsible for 1 in every 5 deaths. In the 1960s only 13 percent of adults were considered obese. Today the number of Americans falling into the obesity category has escalated to 43 percent. And nearly 70 percent of us are overweight.

Programs on LifeTalk Radio not only focus on spiritual, social and mental well-being, but a number of programs also deal with physical health. These health programs make a difference.

One listener shared, “*I want to thank Dr. Rose for explaining HDL to the listeners. I love your show and I like how you explain everything. Thanks, LifeTalk Radio for playing wonderful programming.*”

Staying healthy and keeping your body in good condition is a Scriptural directive. “*Have you forgotten that your body is the temple of the Holy Spirit, who lives in you and is God’s gift to you, and that you are not the owner of your own body? You have been bought, and at a price! Therefore bring glory to God in your body.*” 1 Corinthians 6:19-20 Phillips

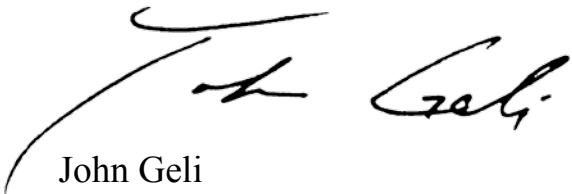

So, here’s a basic question: Are you enjoying life to the fullest? How’s your health? Would you like to improve it? Steps to Christ

At LifeTalk Radio, we use the popular devotional book, *Steps to Christ*, as a free gift to those who ask. It’s our prayer that it may help others develop a closer relationship with Jesus. During 2024 our goal is to increase our evangelistic outreach using this book. Please help us with this ministry project and pay it forward. Sharing Scripture

Across this nation many people own a Bible. But how many read it regularly? God’s Word is vital for spiritual growth and to light our journey. “*Your word is a lamp to my feet, and a light to my path.*” Psalm 119:105. Help others receive a spiritual boost by giving them a printed sharing card with a Bible promise. LifeTalk has many beautiful cards with an encouraging text. There is no easier way to share Scripture than using free LifeTalk sharing cards. These handy colorful cards are small enough to include in your mail or just to hand to someone any time, anywhere, especially as you travel this summer. You never know the impact you can have by sharing a small card with a powerful message. Using sharing cards makes you an ambassador for God. You become a spiritual catalyst connecting others with Christ. God says: “*You are my witnesses.*” Isaiah 43:10. See how you have the power to brighten someone’s day.
