FOR KIDS

A new school year has begun. What do your kids do *after* school? Often when kids come home they plop in front of the television. But research shows that excessive TV viewing causes kids to have trouble paying attention and thinking clearly. But radio can fuel their imagination. LifeTalkKids.net has dozens of excellent programs to expand the minds of children. Encourage your kids to listen and learn. Discover adventure tales, Bible stories, science, history, nature and more. Programs are designed to help children develop a Christian character and a strong internal moral compass. Our streaming kids channel not only keeps your children entertained but also keeps their minds active and learning. One parent shared, *"Thank you for your LifeTalk Kids streaming channel. My son is learning so much about the Bible through your ministry. He listens to your programs all the time. Keep up the good work!"* Another parent said, *"We have just recently found your streaming website for kids. We LOVE it. Thank you!! My kids are enjoying it and listen several times each day."* LifeTalk Kids is available 24/7 online and on our FREE LifeTalk App. Download the app (lifetalk.net/connect) and discover all three of our streaming channels: LifeTalk Radio, LifeTalk Kids and LifeTalk Music.

Connecting You With Christ

Fall 2026

Dear Partner,

He was a teenager—a captive on his way to becoming a slave. As he rode on a camel, undoubtedly with his hands bound, he was traveling away from his home. His life looked dismal. He was overwhelmed with discouragement, possibly even depression. Would his life ever be normal again?

What was to be a joyous reunion with his brothers turned out to be a drastic betrayal. His name was Joseph. You've probably read about him in your Bible. As he looked at the night sky, he wondered what his future would be. In the midst of his misery, Joseph had no idea what God had in store for him. He did not know the end of his story. But at the age of 30, he would become prime minister of Egypt, ruling the entire kingdom. Nothing is impossible with God.

In our day-to-day lives, we are each writing our own story. Our thoughts, words and actions daily contribute to who we are becoming. No matter your age, you are still in the process of becoming and you are still writing your own story. But only God knows the end—your end. He knows the end from the beginning. He was there at your creation. In fact he was intimately involved in your creation. You are here because God intended for you to be here. You are his child and he cares deeply for you. No matter what is going on in your life right now, God is still in control of this world. He is also in control of your life, if you just allow him! "For nothing is impossible with God." Luke 1:37 NIV.

If you feel discouraged like Joseph felt sitting on a camel during that dark night, look up and see the stars. God created every single one of them. God sees you! God knows you! God loves you!

Thank You! For All You've Done

Thank you for making a difference

Thank You! FOR BEING THERE FOR ME

Why not thank him right now for his love and care. And if you feel inclined to respond, perhaps you'll consider being a channel of his love, light and blessing to others. One way you can show your gratitude to God is by partnering with LifeTalk Radio and helping others discover that God loves them too! LifeTalk is here to share hope and encouragement, to bring the Gospel and Bible truth to those who have yet to learn about God. You can help us do just that. No gift is too small.

Now a big THANK YOU, for those who have supported us over the last few months. Because of your faithful support, our goal has been reached and we can order the replacement antenna we need for one of our stations. Praise the Lord! Hopefully you'll recall my sharing about our need for a new antenna in my previous letters. Thank you for helping attain that goal. Your generosity makes this evangelistic ministry possible. Every gift makes a difference in the lives of those needing to hear the Good News, no matter where they live on this planet. Every soul is precious to God, and millions are within earshot of the life-giving messages on LifeTalk Radio.

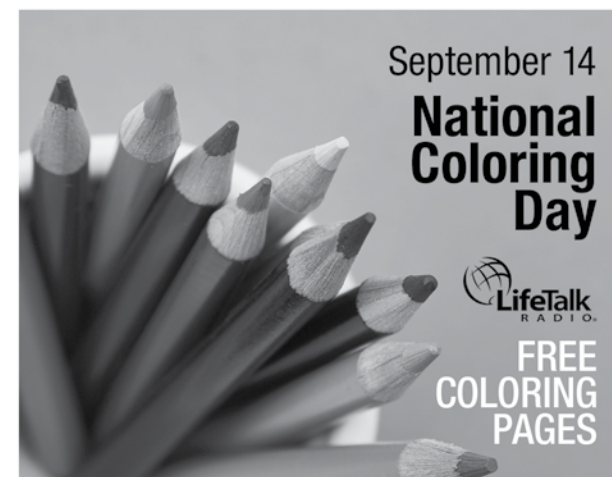

May God continue to bless your life richly as you dedicate your time, your talents, your possessions and your life to him. Thank you for your ongoing prayers and support of this radio ministry.

Many Blessings,

John Geli
Ministry Director, LifeTalk Radio®

P.S. Again I want to thank those who helped us reach our goal of \$10,000 for a replacement antenna. Your participation made a difference! Help nurture positive mental health

INTERNATIONAL
Mental HEALTH DAY

OCTOBER 10 • ANNUALLY

Since 1992, October 10 has been observed annually as World Mental Health Day. It's dedicated to raising global awareness of mental health issues and create a better understanding of the needs surrounding mental health. According to Harvard medical school: One in two people will experience a mental health disorder at some point in their life. The figure is higher for students and young people. Sixty percent of university students struggle with mental health, usually depression or anxiety. In the U.S.A. suicide is the second leading cause of death in university students.

World health day provides an opportunity to learn more about mental health and to break down negative attitudes and beliefs surrounding it. So today, check with others to see how they are doing. Be kind and compassionate. Today is also a good day to take inventory of your own emotional and psychological well being. Caring for your mind is just as important as caring for your body.

Good mental health is vital to living a holistic life. LifeTalk Radio is here to help by nurturing positive mental health globally. Our encouraging hope-filled programs and uplifting music provide a positive environment where mental and spiritual health can thrive.

Invite others to listen to LifeTalk Radio. Use our free sharing cards available at: lifetalk.net/sharing-cards, or call our order desk at 1-800-775-4673.
