Use Sharing Cards for Thanksgiving and Christmas

Christmas is a time of giving. We hope you'll remember to use our free sharing cards during both Thanksgiving and Christmas to let others know they matter to God. Each card has a special code on the back to help others find LifeTalk Radio. To order cards simply check the box on the back of the reply card or visit: LifeTalk.net/resources or call 1-800-775-4673. If you have a story about how you use our sharing cards and how people respond, please tell us about it. Use the back of the reply card, or write us a note and use the handy reply envelope. We'd love to hear from you.

Christmas CONCERTS on LifeTalk

Connecting You With Christ

Holiday 2026

Dear Partner,

Praise the Lord! We have much to be thankful for this Thanksgiving. I'm excited to share with you why we do NOT need $150,000!

LifeTalk Radio began in 1992 with a single station, KSOH near Yakima, Washington. If recent events had turned out differently, I might be coming to you with a sad story as to why that station needed to be replaced. Instead, I can report a miracle story!

It's been a very, very dry season in much of the country, but especially around Yakima, Washington where our original LifeTalk Radio station KSOH 89.5 FM is located. In August, a lightning storm came through the area. As a result multiple wildfires were ignited. This forced the power company to shut down the electrical power to the entire region in order to avoid causing additional fires. As a result, on Saturday evening we received notice from our engineer that KSOH was off the air.

The following day power was restored, and our concerned radio engineer was allowed to go to our tower location where we have a container filled with all the broadcast equipment for KSOH. Miraculously, he found that the wildfires had burned within inches of our container

Saved From the Flames

In August lightening storms started several destructive forest fires in Washington state. We received news our original LifeTalk station, KSOH near Yakima, was off the air and possibly lost. But, this photo, taken afterwards by our engineer, shows how the fires came within inches of our tower and the container housing over $150,000 worth of radio broadcasting equipment. It's as if God said, *"This far, and no farther."* In response, we say, ***"Praise the Lord!"***

which houses thousands of dollars worth of broadcast equipment. It's as if the Lord said to the fire, "This far, but no farther! We believe the angels of God were guarding around our station, not allowing the flames to advance. The Bible promises, *"The angel of the Lord is ever watching over those who have fear of him, to keep them safe."* Psalm 34:7 BBE

In making an assessment of possible damage, our engineer discovered that during the fire the temperature gage inside the broadcast container recorded temperatures going up to 145F degrees. But since the power was off to all the radio equipment, and the angels of the God were watching over it, NONE of our broadcast equipment was damaged. Praise the Lord!

The only damage found was a blown fuse to the outside portion of the air conditioner unit. On normal days this unit is needed to keep our equipment cool and functioning. Our engineer was able to quickly find a replacement fuse and he got everything working properly again.

Because of God's mercy KSOH was able to come back on the air at full power, lifting up Jesus to all our listeners in that area—broadcasting the Good News of salvation in Jesus, and connecting people with Christ. We rejoice and are so thankful for His protection over KSOH.

Perhaps you have your own miracle story of how God has blessed your life this year. If so, I would love to hear it. God cares! The Bible says, *"He cares for you!"* 1 Peter 5:7. God is good and His desire is for our happiness. One of my favorite books says, "All heaven is interested in the happiness of man. Our heavenly Father does not close the avenues of joy to any of His creatures." *Steps to Christ,* page 46

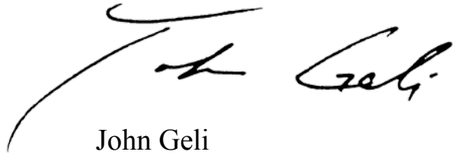

If you feel blessed this Thanksgiving season, why not share a special thank offering with LifeTalk so this radio ministry can keep sharing the Good News of salvation. Many on this planet live in darkness and lack the understanding that God is love. Radio is still the most dominant media globally, and is a most powerful way to let others know they matter to God. Your support helps us tell the world Jesus is coming soon to take us to our heavenly home.

Once again, LifeTalk will start airing Christmas music beginning the day after Thanksgiving. Plus we've included our schedule of special nightly Christmas concerts (see the back page) beginning December 1 through 25. Please let your friends and others know too.

Please allow me to remind you that we have many beautiful printed and digital sharing cards, with a holiday theme. These can be used to share God's love in your community. Why not order a sample pack of our sharing cards. Just check the box on the reply card, or visit: lifetalk.net/sharing-cards

While we do not need $150,000 right now to replace KSOH, we still need your faithful support to continue broadcasting around the world. Your partnership makes a difference! Thank you so much for your continued prayers and love gifts. May you have a blessed holiday season as we approach another Thanksgiving and Christmas.

With thanksgiving,

John Geli
Ministry Director, LifeTalk Radio ®

P.S. Do miracles still happen? Yes they do! Do you believe God still protects those he loves and their property? Yes He does! If you've not read the story above, I urge you to be encouraged by how God cares for us. He cares for you and all His children. It's the season of Thanksgiving and we thank God for His love and care. We thank you for your continued support of this evangelistic radio ministry. Your prayers and gifts make a difference in the lives of those who don't know God loves them. Please use the enclosed reply card and envelope to share your check, or you can give online at: LifeTalk.net/donate.

Get into the spirit of Christmas

As in past years, the LifeTalk Radio network will begin playing Christmas music beginning the day after Thanksgiving and through the month of December to the end of Christmas Day. We hope you enjoy this annual celebration of the season. We are also planning for our annual nightly Christmas concerts. You'll find a complete list on the back page.
